View Wildlife

Winter is a great time to view wildlife and their tracks. Elk, white-tailed deer, moose, red fox, wolf and lynx are some of the larger mammals you may see. Watch for signs of otter, fisher, marten, snowshoe hare and weasel too. Bird watchers can also search for the over 30 species of birds that make Prince Albert National Park their winter home.

Winter Activities

Cross-Country Skiing

Pack a lunch and make a day of it! There are groomed trails for skate and classic skiing or choose your own route and venture off the beaten path.

See map for trail distances and difficulty levels.

Looking for more ski trails? Enjoy more cross-country ski trails at Elk Ridge Resort and Great Blue Heron Provincial Park.

Snowshoeing

Inspired by nature, snowshoes are a way to become lighter on your feet in deep snow. So, think light on your toes like a lynx or a hare! Use extra caution when snowshoeing over ice.

Please do not snowshoe on groomed ski trails.

Caution: Boardwalk and stairs on any designated winter trail are not cleared of snow.

REMEMBER!

Be extremely cautious when travelling over lakes, rivers and boggy areas as ice thickness can vary over a short distance. AdventureSmart recommends an ice thickness of at least 10 cm to walk, skate, ski or snowshoe safely, but the thicker the ice, the better.

Be sure to check and prepare for the weather before you depart. Fuel up your vehicle and pack emergency equipment including flashlight, extra blankets, booster cables, candles and waterproof matches or lighter. Keep batteries warm to preserve power.

Firewood bundles can be purchased at the Visitor Centre.

Fishing

Ice fishing season on Waskesiu Lake is open until March 31.

A valid Prince Albert National Park fishing license is required. Licenses can be purchased at the Visitor Centre.

Winter Camping

Why not spend the night? The northern sky, solitude and sense of adventure make a winter camping experience unlike any other.

Birch Bay is designated as a winter campground with access to pit toilets and enclosed picnic shelters. Firewood bundles can be purchased at the Visitor Centre. Enclosed picnic shelters are shared, public spaces. Overnight camping in the shelters is prohibited. Register at the Visitor Centre before any overnight excursions, including backcountry winter camping.
